

HUNDREDS OF REDS SEIZED BY GOVERNMENT

U.S. Court Has Ordered Coal Strike Stopped

STRIKE ORDER CANCELLATION IS DUE NOV. 11

Lewis, Union Head, Says Will Obey Mandate of Court.

By Associated Press Leased Wire
Indianapolis, Nov. 8.—The United Mine Workers of America were today ordered to withdraw the strike order under which 400,000 men quit work Nov. 1. The mandate was issued by Judge A. B. Anderson of the United States district court after a hearing in which the union attorneys fought vainly for a chance to present arguments on the right to strike.

The union was given until Nov. 11 at 6 p. m. to issue the cancellation. This date was selected because so many defendants were absent. The union attorneys explained the absences must be summoned by telegraph from many parts of the country to issue the cancellation order.

The attorneys announced that President Lewis and Secretary Green of the union purposed obeying the court order but that they could not speak for their fellow officials.

MINERS ASK DELAY.
By Associated Press Leased Wire
Indianapolis, Ind., Nov. 8.—The United Mine Workers of America through their attorney, Henry Warrum, asked at the opening of the United States district court today that the proceedings be postponed a week or ten days in the hope that meanwhile the strike might be settled. The government, through C. E. Ames, assistant attorney general, objected and the court thereupon took up the motion to dissolve the injunction. The government position was that the case was too important to admit delay.

SAYS MINERS CONSIDERED.
By Associated Press Leased Wire
Indianapolis, Ind., Nov. 8.—Judge Anderson indicated he would issue the injunction asked by the government when he held that miners and their agents are guilty of conspiracy under the Lever act if two or more agree to quit work in coal mines.

NATION IS ANXIOUS.
By Associated Press Leased Wire
Chicago, Ill., Nov. 8.—Possible steps looking toward a speedy settlement of the strike of approximately 425,000 bituminous coal miners by court action at Indianapolis today anxiously was awaited by the country. The eighth consecutive day of virtual non-production in the coal fields, with miners and operators deadlocked, already the source of some suffering and disarrangement of routine, was looked on with alarm.

Little change in the general conditions surrounding the strike were apparent today, the public evidently holding in abeyance further appeals for coal pending hearing of the federal injunction proceedings. No considerable betterment in the amount of coal brought to the surface was reported, although Alabama and West Virginia production was said to be improved slightly.

In addition to ordering stopped the bunkering at American ports of vessels flying foreign flags and the cancelling of sixty-six trains in the middle west, governmental agencies had taken no drastic steps in an effort to relieve the threatened coal shortage.

MINERS EXPECT SETTLEMENT.
By Associated Press Leased Wire
Springfield, Ill., Nov. 8.—Despite the positive declaration of government officials that the strike injunction would not be dissolved until the strike order was recalled, miner's officials here today remained optimistic, and declared a settlement would not be long delayed.

Harry Fishwick, vice president of the Illinois district, repeated his statement of yesterday that he expected scale conferences to begin early next week, although he said he had no assurance that negotiations were near.

Meanwhile the 90,000 mine workers in Illinois remained idle, and operators made no attempt to resume the hoisting of coal.

While some few complaints were being received here that coal supplies were getting low, there was said to be no immediate danger of a fuel famine.

NEW PASTOR OF ST. PAUL'S IS FROM EVANSTON

Rev. Lloyd W. Walter, for the past eight years pastor of the Lutheran church in Evanston, who occupied the pulpit of St. Paul's Lutheran church in this city a few Sundays ago, has accepted the call to the pastorate of the local church, according to word received by the officials of the church.

The new pastor, who is a comparatively young man, will move to Dixon with his wife about the first of the coming month and will take up the duties of his pastorate on the following Sunday, Dec. 7.

STOLEN CAR FOUND AT NO. SIDE DEPOT

Victor Eichler reported to the police last evening that an Oldsmobile, which he had driven to the north side school, where he attended a social function, had been taken. The police started an investigation and about a half hour later found the car abandoned and standing in the dark driveway in the rear of the north side Illinois Central depot. The car was undamaged and was returned to its owner.

Chief Van Bibber stated this morning that the parties who took the car are believed to be known by the police and that prosecution will likely follow in a few days. The law provides a fine of \$200, a jail sentence of six months or both for this crime.

Landis Busy—Holds Court on Sunday Now

By Associated Press Leased Wire
Chicago, Ill., Nov. 8.—Federal district court in Chicago will be in session tomorrow—Sunday. Thus Judge Keneaw Mountain Landis today had added another precedent to the string he has established since he ascended the bench.

When attorneys and officials of the Atlas School Supplies Co., yesterday replied negatively to his question "have any of you gentlemen any religious scruples that will not permit you to attend?" The judge remarked:

"Well, I'll have to hear it Sunday."

Crowded dockets and a rush of important cases, with night sessions, left only Sunday for the Atlas Company's bankruptcy hearing.

Largest Bituminous Coal Mine Destroyed

By Associated Press Leased Wire
Bicknell, Ind., Nov. 8.—American No. 1 mine, said to be the largest bituminous coal mine in the world, which was destroyed by fire last night, had been completely sealed tonight, after workmen had toiled practically all night. Because of the size of the mine and the valuable machinery it contained, the fire is said to be one of the most disastrous in the country. The mine is entirely electrically equipped.

Ex-Soldier to Hang for Murdering Wife

SAYS \$2,000,000 WAS EXTORTED BY CLOTHING UNION

Intimidated Clothing Manufacturers Afraid to Talk.

By Associated Press Leased Wire
Chicago, Ill., Nov. 8.—Assistant State's Attorney Nicholas Michels who has charge of the investigation of charges that officials of the Amalgamated Clothing Workers of America have obtained \$2,000,000 from clothing manufacturers in Chicago and other cities by means of extortion in settling strikes announced today that in the raid recently made on the union headquarters letters were seized which indicate that when agents of the organization were arrested in Cincinnati and arraigned before Judge Robert Buckwalter, attorneys were engaged to represent the defendants who were said to be backed by powerful political influence and to be on friendly terms with the jurist.

Copies of the correspondence will be sent to Judge Buckwalter in Cincinnati for his information and such use as he desires to make of them. The union agents, it is said, were arrested for throwing paper at non-union workers during a strike.

Claimed Pail With Judge.
"The letters shows that the union lawyers were engaged because they were supposed to have influence with the judge in Cincinnati," said Prosecutor Michels. "Seventy-five thousand dollars worth of liberty bonds were sent by the Chicago officials of the union to be used as bonds in the Cincinnati cases."

Clothing firms who are alleged to have been compelled to pay tribute to the union officials will be summoned as witnesses by the state when the case is presented to the grand jury next week, according to Assistant State's Attorney Michels. Twelve officials of the union are said by the prosecutor to be involved in the charges.

By Associated Press Leased Wire
Chicago, Ill., Nov. 8.—Subpoenas for sixty manufacturers of men's ready-made clothing alleged to have been victimized by members of the Amalgamated Clothing Workers of America today were in the hands of detectives from the state's attorney's office. Because of threats a number of the manufacturers have refused to talk and the identity of those named in the subpoenas were withheld, said Nicholas Michels, assistant state's attorney in charge of the investigation.

Mr. Michels said since the headquarters here of the union was raided two days ago and papers and books seized showing nearly \$2,000,000 had been collected from manufacturers as penalties and fines he has been told, being high enough to give no reason for dissatisfaction. Hours of the workers, however, the senators believed, are too long.

Radicalism a Factor
Further behind the strike, the committee found, was massed "a considerable element" of revolutionary radicalism, of which, it is said, there is no question but that William Z. Foster, secretary of the general strike committee, was a leader. With Jacob Margolis, attorney for the I. W. W. and assistant in organizing the strike, Secretary Foster came in for unsparing condemnation. Despite Foster's partial disavowal of his former syndicalist doctrines, the committee failed to be convinced that the strike leader had had "little change of heart" but on the contrary, "he is now in the full hey-day of his power."

WEST BROOKLYN WILL CELEBRATE ARMISTICE DAY

The people of West Brooklyn have made elaborate preparations for celebration of Armistice Day next Tuesday, in which the returned soldiers, sailors, marines and nurses of the vicinity will be the guests of honor. There will be a band concert at 4 o'clock in the afternoon by the West Brooklyn band, and at 5 o'clock the guests of honor will be tendered a banquet by the people of the community.

The program at the opera house will begin at 7 o'clock, and it is expected the room will be filled to capacity for the event. There will be addresses by State's Attorney Harry Edwards and Attorneys Henry S. Dixon and Harry C. Warner of Dixon and Thomas S. Murray of DeKalb. School children will assist in the program and Cochran's orchestra and Kirby and Kloeche, vocalists of Sterling, will furnish music during the program and for the dance which will follow. Everything is to be free and lunch will be served at 11 o'clock.

ELKS MUST SEND IN CARDS FOR BANQUET

The special committee in charge of the Armistice Day celebration and reception for members of the Dixon lodge of Elks who served in the late war, are rapidly completing arrangements for the program Tuesday evening. All arrangements have been completed for the banquet at 6:30 p. m., which will open the evening's entertainment.

Cards have been mailed out to the entire membership and many have made returns, requesting reservations. Reservations must be in by Monday evening in order to secure seats at the banquet table. The committee in charge of the entertainment program has not completed the details but will have all of the numbers completed by Monday. No reservation will be made for those whose cards are not received by the committee in charge later than Monday afternoon.

SENATE FINDINGS IN STEEL STRIKE REPORTED TODAY

Senate Committee Criticized Labor and Capital Alike.

By Associated Press Leased Wire
Washington, Nov. 8.—Characterizing all strikes as "industrial barbarism" and declaring that "there is no place in this country either for industrial despotism or labor despotism" the senate committee authorized to investigate the steel strike today presented a report covering its hearings both in Washington and in Pittsburgh, and criticizing both the workers and the employers in the controversy which resulted in at least partial disruption of the steel industry.

The committee's main conclusion, expressed in the statement that "the public has a right to demand that capital shall not arrogate to itself the right to determine in its own way these industrial questions, and it is the same as to labor, and the duty is upon congress to provide some way of adjusting these difficulties."

Strikes Only Way Now?
As a permanent preventive of strikes, which the committee concedes "are apparently the only way for labor to secure even its just demands if employers refuse to grant them," it is recommended that congress authorize the establishment of some such mediation agency with well defined powers as the recently dissolved war labor board.

"This board would have the power of compulsory investigation," the report adds on this subject, but "not to the extent of compulsory arbitration. A just decision of the board would be endorsed by the public."

Committee members who conducted the investigation were fairly unanimous in the report, though leaving open points on which they could not agree. The report was signed by Senator Kenyon, of Iowa, chairman and Senators Sterling, South Dakota; Phipps, Colorado; republicans, and McKellar, Tennessee, and Walsh, Massachusetts, democrats.

Organization Has Object
Treating on the causes of the strike, the committee in its report expressed the opinion that the walkout was precipitated by the determination of the American Federation of Labor to organize the steel industry. Wages are not a factor in the strike, the committee held, being high enough to give no reason for dissatisfaction. Hours of the workers, however, the senators believed, are too long.

Radicalism a Factor
Further behind the strike, the committee found, was massed "a considerable element" of revolutionary radicalism, of which, it is said, there is no question but that William Z. Foster, secretary of the general strike committee, was a leader. With Jacob Margolis, attorney for the I. W. W. and assistant in organizing the strike, Secretary Foster came in for unsparing condemnation. Despite Foster's partial disavowal of his former syndicalist doctrines, the committee failed to be convinced that the strike leader had had "little change of heart" but on the contrary, "he is now in the full hey-day of his power."

Hours Too Long
The laborers in the steel mills had a just complaint relative to the long hours of services on the part of some of them, and the right to have that complaint heard by the company," said the committee in summarizing its formal findings.

With the system of working hours in the steel industry the committee disagreed strongly.

"We believe that a large majority of the men actually working in the mills work 10 and 12 hours a day," the report said.

"Men cannot work 10 and 12 hours a day and attend classes in night schools. An 8 hour day with a living wage that will enable men to support their families and bring up their children according to the standards of American life ought to be a cardinal part of our industrial policy, and the sooner the principle is recognized the better it will be for the entire country."

Unions Took Wrong Course

Sketching briefly the history of the steel strike, the report dealt with the efforts of strike leaders to get Judge E. H. Gary, chairman of the United States Steel Corporation, into a conference, far enough to point out that committee members felt sympathy with the principle of collective bargaining but did not believe the steel strikers had taken the right course.

"The representatives selected for bargaining should be those who believe in the principles of American government," the report said on this point. "Judge Gary could well have objected to receiving a man with the views of Mr. Foster. He did not put his refusal on that ground, but rather put it on the ground that the men did not represent the employees, though himself conceding that 10 to 15 per cent of the men in the mills were probably unionized. It seems to us that even this 10 or 15 per cent had the right to select their own representatives and present their grievances, and that they should have been heard."

PRINCETON GETS FIRST BLOOD IN HARVARD BATTLE

Crimson Meets Tiger at Princeton Field Today.

FOOTBALL SCORES
Third Period:
Princeton, 7; Harvard, 3.
First Period:
Illinois, 0; Minnesota, 0.
Chicago, 0; Michigan, 0.
Iowa, 7; Northwestern, 0.

By Associated Press Leased Wire
Princeton, Nov. 8.—At five minutes to 2 the Harvard Undergraduate cheering corps marched down the field headed by the University band and at the same moment the Harvard eleven rushed in to view and began their final warm up for the battle with the Tigers. The Princeton team also immediately appeared and the rival sides of the stadium echoed with the cheers of thirty thousand spectators. Captain Murray of Harvard and Captain McGraw of Princeton met in mid field and McGraw correctly called the toss of the coin by Referee Langford. Princeton elected to defend the goal, giving Harvard the kickoff.

At 2 o'clock Harvard kicked off to Princeton's 25 yard line. Strubbing fumbled but recovered. Trimble made three yards outside of Kane and then Princeton kicked to Harvard's 40 yard line. Casey skirted Williams' end for 7 yards and Humphrey crashed through right tackle for a first down at mid field. On the second play a forward pass by Harvard. Murray to Steele gave the crimson a first down on Princeton's 34 yard mark. A drive at the Princeton center failed to gain. Casey, aided by fine interference slipped between Bigler and Williams and before he was downed had reached the Tiger's 10 yard line. A line plunge and a sprint toward the Tiger's left wing failed to gain a yard. Casey ran half the width of the field but Williams brought him down with the loss of a yard. Murray then tried a field goal from Princeton 28 yard line but the ball curved away from the posts and the Tiger put it in play on their 20 yard line.

Harvard was penalized 5 yards for offside play. Trimble then made it first down by dashing through a hole in the center of the Harvard line. The same player then picked up three yards around Harvard's right end. A forward pass, Trimble to Strubbing advanced the ball to Harvard's 35 yard line after which three yards was gathered through the Harvard center. Another forward pass, Trimble to Strubbing was good for another first down. Again Trimble launched a forward which was gathered in by Strubbing and it was Princeton's first down in Harvard's 15 yard line.

With about twelve yards to go Princeton scored a touchdown when Strubbing made a lateral pass to Trimble who unaided sprinted around Harvard's left end for the first score of the game.

The ball was punted out to Harvard's 21 yard line from which point Strubbing kicked the goal. Score: Princeton 7; Harvard 0.

Princeton kicked off to the Harvard 40 yard line where Woods caught and gained three yards. Murray immediately punted to Princeton's 35 yard line. A forward pass was intercepted by Harvard but the ball fell to the ground and the Tigers put it in play again.

Princeton swung into attack again with a smash at Harvard's center which failed to gain and here A. Horween replaced Havemeyer at Center for the Crimson.

Harvard gained about 4 yards in through-line plunges just as the period ended. During the first fifteen minutes of play Princeton completely outplayed Harvard, the Tiger's overhead game proving baffling to the Cambridge contingent and the touchdown came as the result of a steady march down the field for about sixty yards. Harvard was forced to kick almost immediately and Princeton put the ball in play on their 30 yard line.

Trimble pierced Harvard's left wing for 7 yards but when the Tiger could not advance the ball further Strubbing punted to Harvard's 30 yard line where Murray signalled for and made a fair catch. He was bowled over, however, by several Princeton forwards and a ten yard penalty was imposed on the Tigers.

The Princeton line held firmly and two attempts by Casey to skirt the ends failed and Harvard punted to Princeton's 35 yard line. Princeton was penalized 15 yds. for holding and Strubbing punted from his 15 yard line to Harvard's 43 yard mark. Two line plunges netted seven yards and then Harvard lost five for offside playing.

Strubbing punted from his 40 yard line to Princeton's 15, where Trimble was dropped in his tracks. Trimble signalled for a punt but the pass was bad and he lost two yards in an attempted end run. Trimble punted to Harvard's 40 yard mark and the latter with a beautiful piece of broken field running put the ball on Princeton's 15 yard mark. On the first line up, however, the Crimson lost the ball on a fumble and Princeton immediately punted to her 43 yard mark.

S. P. Stabler, of Sterling, was in town Friday.

OVER 350 RADICALS TAKEN IN FEDERAL RAIDS LAST NIGHT TO FOIL VIOLENT DEMONSTRATIONS

Today Is Anniversary of Bolshevism's Birth. Palmer Asks Deportation of All Radicals Taken in Raids.

By Associated Press Leased Wire
Washington, D. C., Nov. 8.—Deportation of all aliens engaged in "red" activities has been determined upon by the department of justice, Attorney General Palmer announced today.

Details of the widespread clean-up of radicals last night and today show that more than 200 were arrested in 18 cities. Mr. Palmer has asked the department of labor to deport all of them.

Take Much Material.
Included among the material and literature seized by government agents in the raids were quantities of articles used in making bombs, a complete counterfeiting plant, a large supply of counterfeit bank notes, thousands of pieces of literature, described as of the most inflammatory nature and scores of red flags, rifles and revolvers.

Nearly All Russians.
Agents of the department of justice and the bureau of immigration have been collecting evidences in these particular cases for two months, Mr. Palmer said. Practically all of those arrested were Russians.

Anarchists Plot Revolution.
In the course of their investigations, government agents, according to Mr. Palmer's announcement, have found that the union of Russian workers is conducting an active propaganda for a Social revolution. The aliens arrested were all leaders in this union, which was described as the worst anarchist organization in the country. Its membership numbers more than 7,000 with many locals scattered throughout the nation.

Last night's raids, however, included only the leaders of the organization in the following cities: New York, Chicago, Pittsburgh, Philadelphia, Cleveland, Detroit, Buffalo, Akron, Youngstown, Ohio, Baltimore, Newark, and Elizabeth, N. J., and Hartford, Waterbury, Ansonia, Bridgeport, New Haven, and Seymour Conn.

Of the activities of members of the union of Russian workers, Mr. Palmer's statement said:

Worse Than Bolshevik.
"The union of Russian workers is even more radical than the Bolshevik. It was organized in New York in 1907 by a group of eleven men led by William Szatow, at present the chief of police of Petrograd. The purpose of the society was to amalgamate all of the Russian groups in the United States into one organization. With the aid of newspaper and other propaganda the membership of the union of Russian workers grew until at the present time its membership is about 7,000 and its branches number more than 100, located in the principal cities of the country."

"The various locals are organized for the sole purpose of spreading the doctrine of the organization among the Russian immigrants, working in the mines, shops, factories, logging camps and saw mills, and other centers of labor and the propaganda is conducted by means of literature and lectures as well as through the radical newspapers. Lecturers are sent out by the executive committee of the group and cover all parts of the country. Funds of the organization are derived from dues, lectures and concerts and the sale of radical literature."

Raid Was Revolution.
Officials declared that in last night's raids they had found more forms of anarchist propaganda, teaching the overthrow of government by force and violence, than in any previous nationwide raids. The announced determination to rid the country of all aliens participating in the spread of doctrine against the government was believed to be an effective means of stopping the growth of the Russian Union.

Seized in the raids last night was a portion of the "constitution" of the Russian society, which officials declared was the most inflammatory of any documents yet taken. One section of it said present society was divided into two opposing classes. These, it is said, were:

The downtrodden workers and peasants on one side, producing by their work all the riches of the world; on the other, the rich people who have grabbed all the riches into their hands. Many a time the class of the oppressed stood against the rich parasites and their faithful servant, and protector—the government, to conquer its full liberation from the yoke of capitalism and political power. But every time it suffered defeat, not being fully conscious of its own final goal and means, by which victory can be accomplished, thus remaining only a weapon in the hands of its enemies."

The "constitution" said further that there was "a prime importance in the necessity of building up a wide revolutionary organization of toilers which, by conducting a direct struggle with all the institutions of capitalism and government, must train the working class to initiative and independent action."

CHICAGO IS CENTER.

By Associated Press Leased Wire
Chicago, Ill., Nov. 8.—Activity in planning a nationwide celebration of the second anniversary of the establishment of the Russian soviet government, curtailed by raids on alleged radicals in many cities by federal department of justice operatives, centered in Chicago, operatives of the bureau here said early today. More than 200 prisoners were taken in the Chicago district at the same time hundreds were arrested elsewhere, Edward J. Brennan, chief of the Chicago office, said. He added that he was under instruction from Washington which forbade him further discussing the raids.

Arrests In Homes.
Agents from the Chicago bureau worked quietly. Most of the prisoners taken here were arrested at their homes, as were those at Gary, and Indiana Harbor, Ind., Milwaukee, Wis., and South Chicago.

From circulars, pamphlets and letters sent through the mails and seized by the department of justice agents, they decided that the movement for the celebration received its impetus here. The circulars seized gave details of the proposed celebrations in various parts of the country, operatives said, and tended to show that they were distributed from Industrial Workers of the World headquarters here.

After Gorman I. W. W.
In addition to their efforts to check the reds, it was indicated the federal officers also were seeking persons engaged in promoting a proposed German branch of the I. W. W. Some of the circulars sent out were written in German and called attention to the campaign to forward a new branch of the I. W. W. starting in the east and working westward.

PLANNED FOR WEEKS.
By Associated Press Leased Wire
Washington, D. C., Nov. 8.—The department of justice today checked up on reports from its agents in the more than a dozen cities throughout the country in which federal officers last night raided radical headquarters and arrested members of the syndicalist organizations.

Officials, however, were without detailed information as to the success of their plans formulated several weeks ago to deal sternly with the radicals on the eve of their expected celebration of the anniversary of establishment of the Russian soviet government.

William J. Flynn, head of the department's division of investigation, directed the raids from New York and it was said that many of the officers would report direct to him there.

OHIO RATIFIES PROHIBITION BY MAJORITY OF 859

Columbus, O., Nov. 8.—Complete official returns from 73 of the 88 counties and complete unofficial returns from the remaining 15 counties, with the exception of seven missing precincts in two counties, as compiled shortly before noon today at the office of secretary of state, gave the drys a majority of 859 in favor of ratification of the federal prohibition amendment.

SANDRA THE JEALOUS

By JANE PHELPS.

UNGROUND SUSPICION.

I sometimes wonder if there is any one thing that gives a second wife the heartache that the presence of the first wife's picture does; the thought that it is still cherished? Perhaps if a woman were suddenly, and so more sensible, not so easily swayed by her emotions, she would not suffer because of her jealousy of the dead as I had suffered in the first years of my marriage. But, day after day year in and year out, to have to see the face of my predecessor gazing at me in what I fancied was anger, and sinister reflection that although I had HIM now she had HIM first—this would make any unpoised young woman unhappy.

I did not see Mrs. Gray in the lower part of the house. Everett had given me a message to her. And instead of sending for her, I went to her room—a very unusual thing for me to do, and one I always shall believe I was impelled to do that day by divine will.

"Why, Mrs. Graham, you should have sent Hetty for me," she exclaimed, offering me a chair. "Your ride has done you good. You look better."

I gave her Everett's message, then told her also if she were willing we would empty the trunks and drawers in the attic next morning.

"I shall be very glad to help you. I have thought for a long time it was almost wicked to allow those beautiful materials to rot because of the time they had lain. Some of them will not

be worth making over as it is. Mr. Graham told me of your very generous suggestion to send the best of them to young friends of yours."

"Yes—they will make good use of them," I answered absently. My eyes, in roving about the room had lighted upon a large, square package encased in wood, standing in the corner.

"I have had the picture boxed to send away. The expressman promised to call this afternoon, but has not kept his word," she explained, following my glance.

"What picture?"

"The first Mrs. Graham. She has a niece in Ohio—her only relative, I believe. Mr. Graham thought she might like the picture, even though she had never seen the original. He asked my opinion and I agreed with him. It is an ornament aside from any sentiment connected with it."

"Why not send her the things in the attic also?" I asked, my spirits fairly buoyant with relief.

"She is very wealthy. She neither needs, or would wear, them. I asked Mr. Graham the same question, you see."

"Then we'll get rid of them tomorrow."

"As I dressed for dinner I would have been very happy but for the memory of that note. My mercurial spirits had arisen wildly when I found all my suspicions regarding the picture ungrounded and had I been able to banish thought

of the passionate love-words in that note I should have again felt the joy I had experienced the night of my home-coming when I first noticed the removal of the picture, added to all Everett had done for my comfort. As it was I surely was relieved, and when Everett came in he remarked upon my changed appearance.

"I shall insist that you go out more often, Sandra. You have the cars; use them. You are looking quite like yourself tonight. Then he chatted so pleasantly with me that I almost forgot I had decided he did not love me because he had not said such wonderful things to me as he had to Leola.

It would seem that, as time passed and I found out one after another of my causes for jealousy disappear—I would have become less suspicious. But in spite of repeated resolutions to that effect, no sooner would one cause be disposed of than another would immediately crop up and again make me miserable.

I have always pitied the jealous man or woman. I know by experience how often they suffer.

"Youthful Ambitions." We had a very large attendance at our church meeting this week. Plan to be with us on Wednesday.

On Sunday evening we shall observe the anniversary of the signing of the armistice. The service will be patriotic. The church service flag will be lowered with appropriate music and address. All citizens who appreciate what our boys did for us in Europe and at home are cordially invited to attend. There will be special music by choir and orchestra. This church invites you to its every service believing that much of good is to be received by being in attendance. Good music. A cordial welcome.

Remmo Wrappers
WORTH 5¢ A Piece
AT THE MOVIE THEATRES
Next Monday, Tuesday and Wednesday

Don't spend any of your own money for "shows" on those days—not a cent. Go FREE.

This is all you have to do. Buy REMMO Sterilized Toilet Soap from any dealer. Take off the wrappers. When you go to the "show", hand the wrappers over to the ticket seller just the same as you would money.

Each wrapper will be worth Five Cents on your admission during the three days named—at any of the following theatres. (The War Tax is all you have to pay—the Government will not allow us to pay that.)

Family Theatre

You can go to as many of the theatres as you wish. You can use as many of the wrappers as you want to. You can buy your REMMO Sterilized Toilet Soap any time—but remember—REMMO Wrappers will be redeemable three days only.

Don't miss this big Free Treat. Go every evening. Take all the folks—all your friends. You must buy toilet soap of some kind—why not buy REMMO Sterilized Toilet Soap—and get soap wrappers that are worth a nickel a piece. Remember Remmo is the best, the purest toilet soap possible to produce—sterilized at 198 degrees. No possibility of impurity of any nature.

The Operators Are Not Always at Fault

Twice last week subscribers in reporting trouble with their telephone gave us the wrong numbers.

One lady complained about getting wrong number calls. She gave us her name and number and on investigation we found that she had transposed her own number.

A man complained about not being able to get his residence and gave us as his number a number which was not his telephone.

Concentrate on what you are doing while giving "Central" a number.

M. E. FOREIGN MISSIONARY—

A meeting of the Foreign Missionary society was held Thursday afternoon at the home of Mrs. Baum and Mrs. Morris and, notwithstanding the dismal day, the attendance was thirty-seven, a good attendance for even a better day. With Mrs. Jarvis Leake in charge of the devotional exercises, the meeting opened with song and prayer and scripture reading. Mrs. Henry Leydig gave a pleasant reading and an encore. The paper of the afternoon was on India and the society never listened to a more interesting one on the subject. Mrs. Ernest C. Lumsden had this paper, and among the many interesting things she told of Indian she mentioned in particular the hospitals established by Methodist missionaries. Miss Morgan followed Mrs. Lumsden's paper with an article telling of the location of these hospitals. A talk was given by Mrs. Harned explaining the organization of the Methodist Woman's Foreign Missionary society and Mrs. Grose told of the retirement fund established for the missionaries, when worn-out from their labors in foreign fields or otherwise incapacitated from active service and in need of monetary assistance. Mrs. Hobbs and Mrs. E. E. Wingert gave an interesting and comprehensive report of the recent district convention held in Sterling. At the close of the program refreshments were served by the committee in charge, composed of F. X. Newcomer, Mrs. Grose, Mrs. William Edwards, and Mrs. T. G. Davies.

C. C. CIRCLE—

The gloom of Friday notwithstanding, the drive to Grand Detour in which the members of the C. C. Circle participated was delightful, as new beauties of wood and river can always be glimpsed. They were entertained delightfully in Grand Detour by Mrs. Geo. Remmers, the party including sixteen members and five guests, who motored there in the cars of several of the members. A short business session preceded an interesting program. Mrs. Curtis Rice and Miss Gladys Remmers gave several of their delightful piano selections, and Mrs. Carl Straw gave a reading, her own composition, entitled, "The Teacher's Bean," which was especially clever. The hostess served refreshments, ending an especially pleasant afternoon.

PINK AND WHITE SHOWER—

Miss Maud Gitt and Miss Elsie Fallstrom entertained with a surprise pink and white shower at the home of the former on Friday evening for Miss Florence Fallstrom, a bride-to-be. The guests numbered nine girl friends of Miss Fallstrom. The gifts of the miscellaneous shower and flowers, favors, and place cards for the luncheon served were all in pink and white.

VOLUNTEER CLUB MET—

The Volunteer Club of Prairieville held a meeting Wednesday evening with Avis Martin and her brother, Hugh, at their home in Palmyra. Twenty young people were present, and as there was little business to transact, the evening was given over largely to games and music, with the enjoyment of excellent refreshments late in the evening.

FOR RECENT BRIDE—

Miss Sorbe entertained on Friday evening with a miscellaneous shower for Mrs. Fred Welch, nee Miss Bertha Fuellack, a recent bride. The guests numbered twelve friends of the bride, members of the G. L. G. club. A dainty luncheon was served and the guest of honor was showered with many pretty and useful gifts.

TO METHODIST CHURCH—

The United Spanish War Veterans and their auxiliary and the Memorial Association have been invited by Rev. E. C. Lumsden to attend the Service Flag Lowering and Armistice Service at the Methodist church Sunday evening. Members are to meet at G. A. R. hall at 7 o'clock.

THURSDAY READING CIRCLE—

The Thursday Reading Circle members were entertained Friday afternoon at the home of Mrs. Edgar Crawford in Nachusa, with Mrs. Crawford's mother, Mrs. Bishop, as hostess. The afternoon was a very pleasant one, with the interesting program under the direction of Mrs. Charles Mumma.

As an introduction to the paper of the afternoon, entitled, "The King Who Defied the Kaiser," in which Mrs. Mumma gave a most delightful sketch of King Albert and Queen of the Belgians, Miss Myrtle Rice sang the national air of Belgium. The visit of the King and Queen of Belgium to this country was made the subject of an interesting sketch by Mrs. George Shaver.

The musical numbers of the program, which were especially delightful, were furnished by Miss Myrtle Rice and Miss Mary Hintz. They gave as piano duets, "Old Comrades March," and "Cavalry March." Miss Rice also sang several numbers, Little Mother of Mine, by H. T. Burleigh, with "I'll Take You Home Again, Kathleen," as encore, and a double number, "Think, Love, of Me," and "Sorter Miss You." Miss Hintz also played a number of selections during the social hour which followed the regular program.

Guests of club for the afternoon included Mrs. May Glick, of Oregon; Miss Myrtle Rice, and Miss Grace Crawford.

EASTERN STAR MEETING—

Dorothy Chapter, O. E. S., held one of its most largely attended meetings Friday evening. Advanced Officers' Night. Each officer took the preceding officer's chair, Mrs. Glenn Coe, Associate Matron, taking that of the Worthy Matron; Mrs. Wilbur Leake, etc., on down through the list. Miss Alma Moeller filled the vacant chair, that of conductress. The manner in which each filled the advanced station was extensible. Three candidates were initiated during the evening, which closed in a social hour in which excellent refreshments were served.

YOUNG PEOPLE'S SUPPER—

All the young people of St. Paul's Lutheran church will enjoy a scramble supper at 6:30 o'clock Monday evening in the church parlors. Each one is to bring own dishes, sandwiches, and one other article of food. After the supper a meeting will be held to organize a Young People's Society. All interested are invited.

AT CARDS—

Mr. and Mrs. R. H. Esby entertained with a card party and luncheon last evening, with progressive "five hundred" as the game. Mr. and Mrs. Louis Boers won the head prizes. A dainty luncheon of two courses was served after the games.

Striking Butchers Sell Porterhouse at 18 Cents Today

By Associated Press Leased Wire
Chicago, Nov. 8.—To back up their charges that some of their employers were profiteering, striking butchers today opened a large retail shop and sold porterhouse steak at 18 cents a pound, veal chops at 16 cents a pound and hamburger steak at 10 cents a pound. Other meats were sold at a correspondingly low price. The union butchers declared that although the figures were from 50 to 75 cents below the prices charged by a majority of retail dealers, the strikers were making a fair profit on the sales. The union butchers are demanding an increase from \$35 to \$40 a week in their minimum weekly wage.

ALCOHOL FOR FUEL AND POWER.

Alcohol is coming back, according to
Dr. Alexander Graham Bell, in a state-
ment to the National Geographic so-
ciety, but it is coming back as a fuel,
not as a beverage. It is going to take
the place of our oil supply, now being
rapidly used up, and also to supercede
the use of coal and to prolong the life
of the world's existing coal supply.
"The world," he says, "will depend up-
on alcohol more and more as time goes
on, and a great field of usefulness is
opening up for the engineer who will
modify our machinery to enable alcohol
to be used as the source of power."

And where is the great supply of al-
cohol to come from? "Wood alcohol,"
says Dr. Bell, "can be employed as a
fuel, and we can make alcohol from
sawdust, a waste product of our mills.
Alcohol can also be manufactured from
cornstalks, and in fact from almost any
vegetable matter capable of fermentation.
Our growing crops and even
weeds can be used. The waste pro-
ducts of our farms are available for
this purpose and even the garbage from
our cities. We need never fear the ex-
haustion of our present fuel supplies so
long as we can produce an annual crop
of alcohol to any extent desired."

TELLS OF MEETING OF
1600 LUTHERAN MEN

Mr. Owen Clymer returned yesterday
from Chicago where he was attending
the National Convention of the Luther-
an Brotherhood of America and reports
having a very interesting and a very
profitable time. Delegates were present
from all parts of the United States and
Canada and five representatives from
France. Very important action was
taken regarding the activities of the en-
tire church in America. The enthusiasm
was intense and sometimes the crowd
so large it was hard to manage.

At the banquet at the Hotel Morrison
Wednesday evening 1600 men were pres-
ent and on the next floor over 400 ladies
partook of the banquet at the same
hour. After the banquet the tables were
removed and the men crowded in from
the corridors and side rooms and the
ladies into the galleries and wherever
they could find room to hear the after-
dinner speeches.

The address by Mayor Magney of Du-
luth brought the whole audience to their
feet to cheer and applaud, lasting sev-
eral minutes.

These are some of the resolutions
adopted at this convention:

To enlist 500,000 men into the Brother-
hood in the next two years.

That all men and women voters
should go to the polls and vote for good
men and good measures.

An appeal to congress to enact a na-
tional divorce law to stay this growing
evil.

To re-establish the family altar in the
home for the future welfare and safety
of the nation. That the Christian religion
is the sanest and safest way to pro-
tect the nation against the threatening
forces of evil.

bushels; Cabbage (9 states), 398,000 tons;
Sorghum Syrup, 33,668,000 gallons; Clov-
er Seed 967,000 bushels.

The quality of corn was announced as
89.1 per cent compared with 85.6 last
year.

Weight per measured bushel this year
is as follows:
Wheat 56.2 pounds; oats 31.1 and bar-
ley 45.2.

Stocks of old corn on farms No. 1 are
estimated at 72,263,000 bushels, com-
pared with 114,675,000 bushels a year
ago.

AMERICAN LEGION TO
BE SERMON SUBJECT

Complying with a request from the
national headquarters of the American
Legion and Dixon Post No. 12, the pas-
tors of Dixon in common with preach-
ers throughout the United States, will
tomorrow devote one sermon to an edit-
line of the American Legion, its orga-
nization and its purposes. The Legion,
which is the big organization of Amer-
ican fighting men who served in the
World War, meets in Minneapolis next
week in its first annual convention, and
this fact and the celebration on Tues-
day of the first anniversary of the sign-
ing of the armistice which ended hostil-
ities in the terrible conflict, will give
the pastors' sermons additional import.

Shonts Leaves Bulk
of Estate to "Friend"

By Associated Press Leased Wire
New York, Nov. 8.—The will of Theo-
dore P. Shontz who was president of
the Interborough Rapid Transit Co. was
filed for probate here today. After mak-
ing provisions for various members of
his family the residuary estate is left to
"my friend" Amanda C. Thomas, of 950
Park avenue.

The will was filed by DeLaney Nicoll,
who was Mr. Shontz' attorney.

The widow of Mr. Shontz was granted
temporary letters of administration up-
on the estate yesterday by Surrogate
Fowler. She estimated that her hus-
band left property estimated at nearly
\$5,000,000 and declared that no will could
be found although diligent search had
been made. Mrs. Shontz expressed fear
that the major part of the property
might go to another woman.

Besides his wife, Mr. Shontz left two
daughters, the Duchess De Chaulnes of
Paris, and Mrs. Marguerite Bingham of
this city.

HAND DOUBTS DRY LAW

By Associated Press Leased Wire
New York, Nov. 8.—Doubt as to the
validity of the war time prohibition law
was expressed here today by Federal
Judge Learned Hand. He voiced his
opinion during argument on a motion
to vacate an injunction classifying the
Eastern hotel as a "public nuisance"
under the Volstead act.

VETERINARIANS IN
MEET AT STERLING

Dr. Lee Swingley, of Dixon, Dr. H. C.
Barth, of Amboy, and Dr. E. B. McClure
of Ashton, attended the conference of
Assistant State Veterinarians in Ster-
ling yesterday, at which State Veterin-
arian A. T. Peters, of Springfield and
Dr. D. C. Martin, of Kankakee, discus-
sed the state's action in the control and
eradication of infectious diseases in live
stock.

Both men urged that the assistant
veterinarians co-operate with the state
and government officials in all matters
pertaining to live stock plagues and in-
fectious diseases. The meeting was
very interesting and helpful to all.

Judge R. S. Farrand and his Court
Reporter A. C. Gossman returned home
yesterday from Galena, where they
have been holding court this week, to
spend the week-end with their families.

Emery Tilton, of Ashton, was a busi-
ness visitor in Dixon Friday afternoon.

Art Hill, of Peoria, was here Friday.

AUTO THIEF, TAKEN
HERE IN SPRING, IS
AGAIN IN TROUBLE

Chicago dispatches this morning per-
taining to the arrest of Willard Knight
and James Brett by Detectives Twohey
and Gilsoe of the Chicago auto detail,
was of considerable interest to Dixon
authorities. It will be recalled that
Knight was the leader of a party of four
Chicago youths who were arrested in
Dixon last spring for the theft of a big
Mercedes car belonging to a wealthy Chi-
caguan. The quartette spent the night
in the car north of town and were pick-
ed up in Dementown by the police.

They were taken back to Chicago by
Detectives Twohey and Gilsoe, the same
pair of officers who arrested Knight on
Thursday in Chicago just as he was in
the act of driving a big Roamer car
that had been reported stolen out of a
private garage. At the detective head-
quarters in Chicago during the summer,
Standard filling stations in Chicago dur-
ing the late summer. He also implicat-
ed Brett, an 18 year old youngster who
was also arrested yesterday. Brett con-
fessed to eight holdups of filling sta-
tions in which they secured about \$900.
They also confessed to the theft of sev-
eral expensive cars during the summer.

Mr. and Mrs. L. A. Scott, of Amboy,
traded in Dixon Friday.

ELECTRIC ICE-MAKING
MACHINES INSTALLED

Dr. Angear has installed an electric
refrigerator in his hospital at Sublette.
This will be used in connection with
his laboratory and also for household
uses. This machine is absolutely sani-
tary, as there is no moisture produced
in the working of the plant. This is
because it produces a dry cold air.

Charles Bettendorf has also installed
a machine of his kind. The two make
a total cost of about \$900. This will be
a good investment to both Dr. Angear
and Mr. Bettendorf, as it is very diffi-
cult to obtain ice regularly at Sublette.
The cost of operating this machine is
about 20c a day.

GARDINO RELEASED
BY PEORIA POLICE

John Gardino, one of the four bandits
captured near Franklin Grove in April,
who was taken into custody for alleged
complicity in the robbery of the Avery-
ville Bank, details of which were an-
nounced in yesterday's Telegraph, was
released from custody late yesterday
afternoon by the Peoria police, iden-
tification of him as one of the bank rob-
bers having failed.

Mr. and Mrs. W. J. Wilson returned
last evening from a several days' visit
in Chicago.

BEAT OGLE CO. ROAD
PLAN BY ONE VOTE

Ogle county's special proposition to
levy a tax not to exceed 50 cents on
each \$100 valuation for state road pur-

poses was beaten Tuesday by a single
vote. The totals were 1,405 for the
proposition and 1,406 against. White Rock
the last district to report, voted 9 for
and 6 against.

FOURTEEN LEE CO. TEACHERS GET PENSIONS

Others Nearing Retirement Age Should File Papers.

School teachers of Lee county who procrastinate in the filing of applications for pension service blanks may die in the poor house after their teaching days are over, unless, of course, salaries of pedagogues mount to the point where it is possible to lay by a little for a rainy day.

Time for filing application for these blanks expires Sept. 1, 1920, according to a statement made today by L. W. Miller, County Superintendent of Schools.

Fourteen teachers in Lee county schools are now on the retired list and drawing pensions ranging from \$275 to \$400 annually. There are many other eligibles among the 300 and more teachers of the county who are nearing the retirement age of fifty.

Creation of Fund
The pension fund is created by the payment of assessments by all school teachers of Illinois. Every teacher who entered into a contract after July 1, 1915, to teach for the first time in the public schools of Illinois is required by law to pay assessments for the support of the state teachers' pension and retirement fund. All other teachers are not required to pay such assessments unless they first elect to do so by notifying the state board of trustees and their local school boards.

Monthly assessments shall be deducted on every pay day for the first five months of school year after July 1 each year, from the salaries of teachers coming under the provisions of the pension law. For this purpose teachers are divided into the following classes:

First Class—Those who have taught ten years or less, \$1 per month.

Second Class—Those who have taught more than ten years and not more than fifteen years, \$2 per month.

Third Class—Those who have taught more than fifteen years, \$5 per month. The assessments cease after twenty-five years of service.

Each teacher shall be furnished a statement by the school board showing the amount deducted from the salary of the teacher. All moneys so retained by the school board shall be forwarded to the state treasurer within seven days after June 30 of each year.

A statement of the moneys so retained verified by the clerk or secretary shall accompany such remittance. The name of each teacher who pays assessments should be promptly reported to the county superintendent at the time the first assessment is withheld.

OBITUARY.

HENRY KILLMER (Contributed)

Henry Killmer was born on the 30th day of November in the year 1853 in Grandenborn, Hessa, Germany. He was the son of Lutheran parents and soon after his birth was taken up as a member of the Christian Church thru the sacrament of Holy Baptism. His God-fearing parents brot him up in the nurture and admonition of the Lord and after being duly instructed in the doctrine of the Lutheran church he renewed his baptismal vows with his own lips at his confirmation. Since that time he continued a sincere and faithful member of his church.

In the year 1867, when Henry was 14 years of age, his parents left Germany with their family and emigrated to America to make their future home. They came directly to the state of Illinois and settled on a farm near Lee Center. After three years, in 1870, they moved to what is known as the Staup farm, three miles northwest of Amboy, residing there for eight years. In 1878 he moved to the old home place across the road from the Staup farm where he lived up to the time of his death. In 1882 on the 10th of April he was united in holy wedlock to Anna Katherine Schmidt. This union was blessed with six children, all of whom are still living.

Mr. Killmer joined the Lutheran congregation at Amboy soon after his arrival in this vicinity and was a faithful member of the same until his death. For a number of years he also served his church in the capacity of trustee. As such he tried to do his best for the congregation, expending much time, labor and money in its behalf. For some

years the Lutheran congregation of Amboy ceased to exist and it was largely due to his efforts that the remaining Lutherans about Amboy were again organized, having Rev. Voelker of Mendota, Ill., as their pastor. The present standing of the congregation can greatly be ascribed to the credit of his labors. As a worthy trustee he followed the congregation thru all trials, at all times helping and supporting it to the best of his ability. At the same time he endeavored to live up to the duties of a trustee as God had set forth in His Holy Word, by being faithful, upright, sincere and especially by trying to be an example of his fellow christians.

During his long life in the vicinity of Amboy, Mr. Killmer made many friends, who now mourn the loss of one who won the hearts and confidence of all with whom he came in contact and who was always ready with a willing hand to help any one that came to him in need.

Altho he reached a comparatively high age in life we must say that his way was not always strewn with roses. Many thorns pricked him as he trod life's path; often the way was rough and disagreeable. Due to several accidents during the past few years his physical strength and dexterity was impaired. A few weeks prior to his death he became

subject to frequent spells of numbness. At first these were but lightly of, deeming them more fainting spells due to high blood pressure. He consulted physicians and also received treatments, but it was impossible to prevent the unavoidable. On Monday morning, Oct. 27, he again suffered one of his spells, this time, however it did not leave him. He had suffered a stroke of paralysis of his right side, due to cerebral hemorrhage. His power of speech also failed him and from that moment on, in spite of all efforts on part of his relatives, he began to fail slowly. At times he seemed to grow better and on Friday morning hopes of his recovery were entertained by his relatives. These hopes proved to be in vain, for he again grew worse. On Sunday evening, Nov. 2, he slowly failed and finally at 7:40 p. m. he silently and peacefully fell asleep.

He reached the age of 65 years, 11 months and 2 days. He leaves to mourn his loss his widow, Anna Katherine; three sons, Rev. Andrew Killmer of Ashland, Wis., Fred and Henry Killmer, Jr., both residing near Amboy, Ill.; three daughters, Mrs. Emil Burzlaff of Clinton, Ia., Stella and Bertha Killmer, both of Amboy, Ill.; one son-in-law, two daughters-in-law and three grandchildren; also two brothers, William of Perry, Ia., and George of Amboy, Ill.; three sisters, Mrs. Dorothy Reuter of East Grove, Ill., Mrs. Henry Fey and Mrs. John Meurer of Amboy, Ill.; besides these a large number of other relatives here in the vicinity of Amboy and in the states of Iowa and Minnesota; not to forget a host of friends, which feel and mourn at his departure.

Funeral services were held Wednesday afternoon at 1 o'clock at the home, Rev. Voelkers of Mendota, Ill., gave a short address in the German language and at 2 o'clock at the church, Rev. L. C. Krebs, officiating. Interment at Prairie Repose cemetery.

ELIZA LITTS FORDHAM (Contributed)

Eliza Litts Fordham was born at Bald Mount, Pa., Jan. 26, 1832 and died at the home of her son, H. L. Fordham in Dixon, Ill., Nov. 5, 1919, aged 87 years, 9 months and 6 days. She was the youngest of a family of seven of whom one, a brother Horace, who lives at Brookfield, Mo., with his daughter, Mrs. H. M. Duke, still survives.

After the death of her parents she was married to Albert P. Fordham at Scranton, Pa., and one son was born to this union. Shortly after the birth of their baby she and her husband took up a homestead near Abilene, Kan. They spent but a few years there and in 1874 came to Compton, Ill. to reside. At this place her husband died in 1885 and Mrs. Fordham continued to reside there until 1911 when she came to Dixon with her son.

She was a devout Christian and was

affiliated with the Baptist church. A good wife and devoted mother, she was loved and respected by all who knew her.

She was a great reader and of a very retiring nature, loved to be alone with a book or paper. She kept well informed on world affairs up until the last few months of her life, when she grew too feeble and weak to care for earthly things.

Grandma Fordham will be missed by many besides the immediate members of her family, but she had lived out more than her allotted span of years and looked to go home. Toward the last she spoke frequently of her father and mother and longed for them as a little child grows homesick when kept too long away from home. When finally the summons came she said to rest as quietly as "one who wraps the drapery of his couch about him and lies down to pleasant dreams."

SUSAN EBERSOLE

Mrs. Susan Ebersole, mother of Mrs. Lee LeFevre of Dixon, widow of the late Christian Ebersole, passed away at 11 o'clock Thursday night at her home, 502 Seventh Ave., Sterling.

Miss Susan Rutt was born in Lancaster county, Pa., April 3, 1840 and died Nov. 6, 1919, at the age of 79 years, 7 months, 3 days.

She was united in marriage to Christian Ebersole Nov. 14, 1861 at Chambersburg, Pa. In 1865 they moved with their family to Lee county, near Prairieville, where they resided until 1905, when they retired from farming and moved to Sterling, where he passed away 8 years ago.

To this union ten children were born: Amos, William, and Christian, died when but a few years old; Lizzie died at the age of 15 years; the remaining children are Mrs. Henry Landis, Jacob, Mary, Mrs. John Weber, Sterling, Mrs.

Lee LeFevre of Dixon and Henry of Sterling.

She leaves two brothers and three sisters, Jacob Rutt of Fruita, Colo., Henry of Chicago, Ill.; Mrs. Hettie Detweiler of Sterling, Mrs. Fannie Detweiler of Chicago, Ill.; Mrs. Annie Baer of Sterling. She also leaves twenty-eight grandchildren.

Funeral will be held Sunday at 1:30 at the house, 2 o'clock at Science Ridge church. Burial will be at adjoining cemetery.

She was united with the Mennonite church in 1871.

SUBLETTE SOLDIER BACK FROM SIBERIA

John Auchstetter, of Sublette, returned from service on this Wednesday having been discharged at Camp Dodge yesterday morning. He is one of the several from this vicinity who saw service in Siberia, he having been there several days over a year, arriving there on Sept. 2, 1918, and leaving there on Sept. 11, 1918. His service in Siberia included operations between Vladivostok and Lake Baikal, along the trans-Siberian railway.

John reports that Amor Lauer, who is the only other man from this vicinity who is recalled as having served in Siberia, is on his way home.

John Auchstetter is the son of Mrs. Mary Auchstetter, of Sublette. It will

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep right. Try them. 10c and 25c.

LADY ASTOR IS PROUD OF HER AMERICAN BIRTH

By Associated Press Leased Wire
Plymouth, Thursday, Nov. 6.—"Do not think for one minute I am ashamed of my Virginian blood," snapped Lady Astor this afternoon at a women's meeting when she was asked why she was not spending her energies in America, where there were so many social evils as here.

"What do you want me to do?—sit at home and hold my hands?" Lady Astor went on. "I married in England, my interests for ten years have been in Plymouth, every drop of blood in my veins is Anglo-Saxon, and I am proud of my American birth."

Lady Astor's eyes flashed and she gestured for a moment. Resuming her speech, she declared women would be the ones to bring about the working of the League of Nations.

"Men tell you they had good times at the front," Lady Astor asserted, "but I do not believe a mother with a son there ever had a good time."

"Men have physical courage," she added, "but they often lack moral courage most needed today."

Answering another bombardment of questions, Lady Astor said:

"There are two sections of the labor party—one embraces tried and true trade unions; the other young intellectuals. I know the latter as red-hot bolshevik cranks. Half of them never fought in the war, and most of them have never been workmen."

SAYS SAVING WILL CUT DOWN H. C. L.
By Associated Press Leased Wire
Harrisburg, Pa., Nov. 6.—Describing efforts of the department of justice to drive down the cost of living, Attorney General Palmer, speaking before a meeting of the fair price committee, mayors of cities and state officials of Pennsylvania here today, declared that if the people would increase their saving by 10 per cent the cost of living would fall 20 per cent in a brief period of time.

Mr. Palmer attacked the "buy now" campaign, declaring that "our job is to

HEARTBURN Caused by Acid-Stomach

That bitter heartburn, belching, food-rotting, indigestion, bloating, all are caused by acid-stomach. But they are only first symptoms—danger signals to warn you of awful troubles if not stopped. Headache, biliousness, rheumatism, sciatica, test tired, listless feeling, lack of energy, dizziness, insomnia, even cancer and ulcers of the intestines and other ailments are traceable to ACID-STOMACH.

Thousands—yes, millions—of people who ought to be well and strong are mere weaklings because of acid-stomach. They really starve in the midst of plenty because they do not get enough strength and vitality from the food they eat.

Take EATONIC and give your stomach a chance to do its work right. Make it strong, cool, sweet and comfortable. EATONIC brings quick relief for heartburn, belching, indigestion and other stomach troubles. Improves digestion—helps you get full strength from your food. Thousands say EATONIC is the most wonderful stomach remedy in the world. Brought them relief when everything else failed.

Our best testimonial is what EATONIC will do for you. So get a big box of EATONIC today from your druggist, use it five days—if you're not pleased, return it and get your money back.

EATONIC (FOR YOUR ACID-STOMACH)

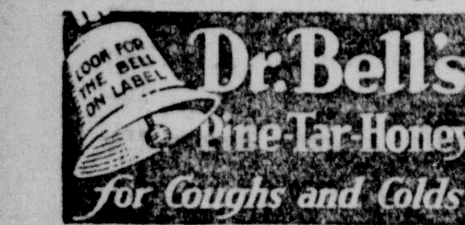

WHY COUGH AND COUGH AND COUGH?

Relieve it with Dr. Bell's Pine-Tar-Honey

ARE you going to let it stick and become a chronic condition? Of course not! Not when you know you have a preparation like Dr. Bell's Pine-Tar-Honey to loosen it up and so allow Nature to rid you of it.

The first dose will produce gratifying results. The second and third will convince you that Dr. Bell's Pine-Tar-Honey is an enemy to a cold.

The preparation is second to none for its soothing, relieving effects. Coughs, la grippe, bronchitis, asthma quickly relieved by Dr. Bell's Pine-Tar-Honey. 30c., 60c., \$1.20. All Druggists.

wait, both in our interest and in the interest of the nation and the world at large that the demand may be lightened.

He called upon the "plain people" to wear their old clothes a little longer to refuse to buy until production had caught up with the demand. This, he assured the officials was one of the principal means of ending the spectacle of the "dog chasing its tail around in a circle." Unless the people themselves take this step, the attorney general said the nation cannot expect to have anything but discontent and disorder.

STRIKERS DYNAMITE CARS.
By Associated Press Leased Wire
Knoxville, Tenn., Nov. 7.—Maj. Gen. E. M. Lewis, commanding federal troops in Knoxville is investigating three attempts to dynamite street cars manned by non-union crews and the firing into a car during the past 24 hours. Two attempts to blow up cars failed because dynamite placed on the tracks was not primed with percussion caps. The third attempt was more successful, a dynamite explosion shattering glass in a passing car and demolishing the tracks. No one was injured.

Yesterday marked the first attempt of the street railways to resume night schedules since the strike of its conductors and motormen several weeks ago, although daylight service was resumed a few days after the strike was called.

BUTTED INTO SENATE DEBATE.
By Associated Press Leased Wire
Washington, D. C., Nov. 8.—Joseph Horan, of New York, attempted to join with the United States senate today in its debate on the peace treaty.

"Gentlemen," he cried, rising from his seat in the gallery and drawing from his pocket an American flag, "I want to express"—and then the guards reached him. He explained to capital police later that he had divine instructions to tell the senate a few things about the treaty. He was held for investigation.

FOR BURNING ECZEMA

Apply Zemo the Clean, Antiseptic Liquid—Easy to Use—Does Not Stain

Creasy salves and ointments should not be applied if good clear skin is wanted. From any druggist for 35c. or \$1.00 for larger size, get a bottle of Zemo. When applied as directed it effectively removes eczema, quickly stops itching, and heals skin troubles, also sores, burns, wounds and chafing. It penetrates, cleanses and soothes. Zemo is a clean, dependable and inexpensive, antiseptic liquid. Try it, as we believe nothing you have ever used is as effective and satisfying.

FIGHT THE FAMINE COUNCIL.
By Associated Press Leased Wire
London, Thursday, Nov. 6.—The "fight the famine council" attended by German, Austrian and English delegates interested in bringing about better internal conditions in Germany, concluded its sessions today.

Resolutions were adopted emphasizing the gravity of the situation in Europe; urging the supreme council, reparations commission and similar bodies to publish fullest information regarding food and fuel; and urging cessation of forcible intervention in Russia, so Russia will be able to restore her economic life and put her vast resources at the disposal of the world.

Another resolution demanded amendment of the economic clauses of the peace treaty, which, the resolution says, are largely responsible for the disorganization of production and credit.

RAILROADS GOOD FOR MONTH.
By Associated Press Leased Wire
Chicago, Nov. 6.—Railroads of the northwest region have a supply of 2,282,286 tons of coal—adequate for 27 days—L. S. Carroll, chairman of the Purchasing Committee for railroads of that region, announced today. Mr. Carroll added that no coal taken over in the northwest region would be used by the railroads but would go to commercial users.

Chicago's reserve supply of fuel also is greater than estimated at first, it became known, there being on hand enough for thirty days, instead of twenty.

THE LAUDENBERGER FARM FOR SALE AT AUCTION TO SETTLE ESTATE ON THURSDAY, NOVEMBER 13, 1919 AT 1 O'clock Sharp

I will sell at Public Auction at the residence on the "Laudenberger Farm," in Lee County, Illinois, 3½ miles southwest of Compton, about 23 miles southeast of Dixon and 12 miles northwest of Mendota, the following described real estate:

The S.½ of the N. W.¼ of Sec. 21, Tp. 37 N., R. 1 E. of 3rd P. M., containing 80 acres. And two timber lots belonging to said Estate and consisting of about 2 acres.

This farm is well improved with a good house, plenty of barn room and outbuildings. It is well fenced and situated in one of the finest farming communities in Lee county. All of the surrounding farms are well improved and under a high state of cultivation. The close proximity to market is another feature that should attract all prospective purchasers, being situated about 3 miles southeast of the village of West Brooklyn, another good grain and stock market. Remember the time and place of sale. Abstracts of title will be furnished.

For further particulars inquire of Harry Edwards, Attorney at Law, Dixon, Illinois, or the undersigned Master in Chancery.

75 HEAD OF FINE HOLSTEIN-FRIESIAN CATTLE 75

IT'S A FINE LOT OF HEAVY SPRINGERS, BRED HEIFERS, OPEN HEIFERS, CALVES and a few BULLS, some ready for service. One a SON of KING OF SEGIS PONTIAC.

Some great daughters of Woodlawn Hengerveld Segis, E. M. Detweiler's great herd sire, bred to RAG APPLE KORNDYKE 8th, "THE GREATEST BULL IN THE WORLD." How could it be otherwise?—he is six times PONTIAC KORNDYKE.

COUNTRYMAN & COX consign fine daughters of KING SEGIS PONTIAC AL-CARTA, bred to RAG APPLE KORNDYKE 8th, enough said.

GEO. MYERS consigns five handsome young cows, bred to a fine young bull out of a 241-pound two-year-old dam.

J. C. WADSWORTH consigns five fine females and a proven herd sire, KING CORNOPIA HENGVERVELD SEGIS, also daughters of KING SEGIS PONTIAC and Paul Calamo Korndyke, the greatest show bull on earth.

CLARK & RHODE, who are engaged in dairy extension work for the State, consign some choice females, bred to their great herd sire, a brother to Rag Apple Korndyke, whose three latest tested daughters, three years old, made records of 25 lbs., 26 lbs. and 27 lbs. with but little fitting.

C. LEE STAUFFER is putting some fine ones on sale bred to his great Son of King of the Pontiacs.

GREEN & VAUGHN consign some worthy of careful consideration.

DR. C. E. POWELL will represent blood from famous Johanna McKinley Segis family out of a son of the \$25,000.00 bull.

Dixon represents some of the greatest of the breed—Superba Palmyra, world's record junior, three years old; Lady Pontiac Johanna 41.81 until recently world's record; Naiad Jewel Pet 31.60 at 32 months, world's record when made.

Don't miss this great opportunity to get started right. Everything tuberculin tested. Why take \$12.50 for calves from grades, when the same individual if pure bred will sell at \$125.00 to \$200.00.

CORN BROKE ON MARKET TODAY

By Associated Press Leased Wire
Chicago, Nov. 8.—Suspension of the railway permit system led to general selling of corn today and to material breaks in prices. Increased receipts were looked for, especially as a cold wave was predicted. Weakness in sterling exchange and prospects that the government crop report this afternoon would be bearish tended also to weigh down values. The opening, which ranged from 1/4c to 1 1/2c lower, with December 1 3/4c to 1 1/2c, and May 1 1/2c to 1 1/2c, was followed by something of a rally but then by declines lower than before.

Oats were relatively firm owing to export business in that grain and in barley. After opening a shade 1/4c off, including December at 70 3/4c to 70 1/2c, the market scored a moderate upturn, which, however, was not maintained.

Provisions gave way with corn. Higher quotations on hogs were virtually ignored.

In the later trading, the market continued on the downward. Prices closed heavy, 1 1/2c to 3 1/2c net lower, with December 1 3/4c to 1 1/2c, and May 1 1/2c to 1 1/2c.

Weekly Grain Review.

By Associated Press Leased Wire
Chicago, Nov. 8.—Rapid advance which took place this week in the value of corn came to a large extent from the fact that readily available supplies were clearly inadequate. Despite subsequent reactions, the corn market this morning as compared with a week ago was 3 1/2c to 7 1/2c higher, whereas oats were virtually unchanged. Provisions showed a rise of 10 cents to 90 cents.

Meagerness of receipts and continued scarcity of cars tended to make buyers of corn unusually persistent during the first part of the week, and to bring about steep upturns in price. Uneasiness about prospective difficulties in filling contracts for December delivery was an especial bullish factor, and was intensified by the ending of the longshoremen's strike and by wet weather which delayed farm work. Besides, estimates were current that farm stocks of old corn totaled the smallest aggregate ever known before except in 1917. Toward the last of the week, however, bearish sentiment was more or less renewed owing to assertions that car shortage had been diminished and by notice that the permit system for rural shippers would be abolished on Monday.

Increased rural offerings and stoppage of coal for non-American owned ships made the oats market relatively weak. Provisions ascended with hogs and corn.
